

## CPD Day & Special General Meeting - 8 April 2017

### Programme for the day

**9.30 am Doors open – tea & coffee**

**10.00 am Welcome, Introduction & Warm-up**

**10.30 Morning Workshop with Linda Winn**

The workshop will prepare attendees to use Turner's Model of Crisis within a dramatherapy context. The focus will be on working with those who have experienced trauma, particularly the refugee community.

Linda Winn has been developing and testing the use of this model for two decades.

The workshop is an introduction containing experiential and theoretic elements.

There will be an expectation that participants have some experience of working with trauma and crisis. If not, then you would need to gain knowledge of this before embarking on work with vulnerable populations.

**Linda Winn** has extensive experience as a Dramatherapist, Nurse, EMDR Practitioner & Psychotherapy Supervisor. She has worked with people suffering from trauma and their carers for over 35 years. She has recently completed her PhD *The Drama of War, the Theatre of Life* at Anglia Ruskin University.

Publications include: *Post Traumatic Stress Disorder and Dramatherapy* (1994, Jessica Kingsley) and 'Experiential Training for Staff Working with Eating Disorders' in Dokter, D. (ed) *Arts Therapies and Clients with Eating Disorders* (1994, Jessica Kingsley).
